

About Author

Anirudh is a visionary entrepreneur, founder of Next Zen AI Strategix, a future forward venture intending to enhance the world with ethical AI, emotional intelligence and purpose driven strategy. He holds a Master's degree in Business Analytics with a rare blend of analytical precision and soulful leadership to the changing entrepreneurship landscape.

Anirudh's journey consists of being an expert in business analytics transforming hard to decipher data into strategic insights which make a real world impact. In *The Next Zen Founders: The DNA of Tomorrow's Business Leaders*, his debut book, he shares a bold new way to create coherent, mindful ventures in a rapid, digital times.

By showing people how to build a business without compromising their values, Anirudh aims to get a new generation of founders to build with soul, scale with focus and lead with purpose.

"Limited-edition insight for limitless ambition, setting a new standard in business books for years."
